Dear Houseboat Owner:

The 2024 season is here! We are looking forward to seeing you and are expecting a good year on Lake Powell.

We will once again open our yard around 7 pm so you can come in, load the boat, and sleep on it the night before your launch. We will be launching from the main ramp at Wahweap. We will not leave the yard with the houseboat until your party has left the yard allowing you time to get everyone parked and ready to load at the top of the ramp. The Park Service requires everyone be inside the cabin when launching and retrieving.

As you may have heard, the Park Service has changed the entrance fees. You will find the new fees at <https://www.nps.gov/glca/planyourvisit/fees.htm>. We have not had our annual meeting with them, but will keep you posted if there are any other major changes.

We are once again hoping to have buoys available should you decide to come in the night before so you can get off the lake early on your return date.

Once again, we look forward to seeing you.
